## MINING, BUSINESS AND STOCKS

# STOCK MARKET ACTIVE TODAY

The Knight Issues Seem to Have Recovered the Losses Sustained Last Week.

MAY DAY HOLDS ITS OWN.

South Columbus Does Some Sprinting -Ohio Copper Higher-Closing Quotations and Sales.

The mining stock market was fairly good today and, as the following list of sales will indicate, the volume of business ran well up into the thousands of dollars.

There was little change in the market for May Day and Uncle Sam Consolidated hugged pretty close to the prevailing quotations at the close of last week. The Knight issues have practically recovered all the losses sustained last week. Crown Point started off with the sale of 300 shares at 94 cents and dropped rapidly to 90 cents; cents and dropped rapidly to 39 cents, recovering again on the open board and ending up with the transfer of 400 shares at 36 cents on a buyer. Iron Blossom followed suit; with Seven Troughs and Mountain Lake—simply holding their own, South Columbus stiffened untertaily. Wabasah looked attractive to some all the way from The sale of the

41 up to 45 cents.

The sale of 100 shares of Ely Consolidated at 55 cents was the only unlisted stock sold. Several brokers had orders to buy Ohio Copper and olds of \$4.40 for the stock failed to bring it out. One briger offered a board lot at \$4.45. Whitah Treasure Hill continued inactive. It is understood, however, that the company will soon inaugurate its campaign of development, in which event, there should be a marked advance in the price of the stock.

The closing quotations and sales were:

#### CON. MERCUR REPORT. Officials Make Public Annual Statement to Shareholders.

The annual report of the Consolidated Mercur Gold Mines company has been issued and covers the operations of the company during the last fiscial year ending June 30.

During the year the company paid two dividends of \$25,000 each and closed the year with cash, bullion, gold-bearing siag and other assets amounting to \$67,454.72. The mill treated 245,169 tons of ore during the year and the bullion made was worth \$642,843.90, which is equivelant to an extraction which is equivelent to an extraction of \$2.62 per ton of ore treated. The loss in the tailings varied from \$7 cents to \$1.18, and averaged for the year 98

cents per ton.

General Manager G. H. Dern, in his report, goes to some length in explaining the operation of the new

#### SILVER KING DIVIDEND. Directors of Company Give Supt. Daily

A Splendid Testimonial.

ing company held a meeting on Saturday afternoon, at which time a dividend of \$187,500 was posted for payment on Oct. 15 to all shareholders of record

attended to, attention was called to the attended to, attention was called to the splendid achievements made by Supt. Mike Daily during the period with which he had been connected with the company—about 16 years. It was pointed out that during his incumbency, the mine had paid dividends to the amount of company—the tips 100,000,000. ed out that during his incumbency, the mine had paid dividends to the amount of something like \$12,000,000. As a testimonial of their appreciation and esteem, the directors authorized the secretary to draw a warrant on the trensurer for the sum of \$4,000, payable to M. Daily's order.

Mr. Daily is one of the most competent, as well as one of the most successful mine managers in the state and the great success of the Silver Kinghas been due very largely to his untiring efforts. The action of the directors last Saturday is worthy recognition of a faithful and efficient official.

## FROM MR. BROUGHTON.

What President of Utah Con. Says About Metal Prices. (Pollock Special Wire.)

Boston, Sept. 22—A News Bureau special from London says: The Times publishes today the following cable from Urban H, Broughton, president of the United Metals Selling company: Duringing the months of last year this company sold between 80,000 and 20,000 to the course of courses, below the price of 20 prevent the price exceeding that figure. The demands of consumers continued to be so urgent that the price was forced up until it reached 25½ cents in March of this year. At the time the Wall street panic occurred purchases reased, consumers having bought the future products of the mines represented by this company to the end of June. A nominal price of 25½ cents was meanwhile maintained to protect consumers who had bought for future delivery. After the end of June the price of the metal was reduced, there being of the metal was reduced, there being no further obligation to consumers. This company has not been aggressive either in advancing or reducing the price of metal. At the present moment the question of price is not of so much importance as the restoration of confidence of the control of the

### THE COPPER MARKET.

#### U. S. Metals Selling Co., Refused a Bid of 15 Cents a Pound.

(Pollock Special Wire.)

Boston, Sept. 22.—The United Metals Selling company last week considered several bids of 15 cents a pound for small tonnages. 100.000 and 200.000 pound lots but finally refused to do business at that figure. The American Metal company, it is stated in the trade, has shaded 154 cents and has placed some copper for domestic consumption. The Vogelstein interests have done some business abroad at the equivalent of 15 cents a pound. A bid of 12 cents for 1.000.000 pounds of electrolytic by a consumer who wanted immediate shipment was not even considered. There have been several recent transactions of 250.000 pound lots by other than the above mentioned interests at 15 cents flat. Lake copper sold on Friday in small lots at 15½ cents. It develops that at the meeting of wire manufacturers held Thursday in New York the statement was made by one of the leading men that he had turned down an offer of 1.000.000 pounds of Lake copper at 15 cents a pound. (Pollock Special Wire.)

# MILL BUILDING IN MANHATTAN

Much Activity in This Line Now In Evidence in Nevada District.

THREE UNDER CONSTRUCTION

Excavations on Wolftone Hill-New Leases Standing-Other Mining News.

Special Correspondence

Manhattan, Nev., Sept. 18.-The era of mill building seems to have struck of mill building seems to have struck Manhattan with considerable force, and had the same activity, from a milling standpoint, existed a little over a year ago, the camp should have known no dull period. Today, three mills are under course of construction, and should all be in active operation before the first of the year. The mill of the Manhattan Ore Reduction company will be the first to drop stamps, as the stamps and tube mill are in place, and the frame work of the building is nearly completed and all excavating done. C. S. Lemon and associates started excavating last week for their 10-stamp mill on Wolftone bill. As many men are at work as there are places for them, and the company announces its intention to spare no effort to rush the mill to completion at the earliest possible date. Messrs. Chapman, Moore and Davis have started the excavation on Black Jack hill for another mill of 50 tons capacity, which they expect to have in operation within 90 days.

With three mills in operation, with a joint capacity of nealry 150 tons per day, the leasers will have a ready market for their ores. New leases are being started daily, and within 60 days. Manhattan will resemble the beavers' colony of last spring a year ago. Thousands of tons of good milling ore are already exposed and on the dumps ready for the mills, and development on many of the properties is rapidly adding to the tonnage.

UTAH COPPER MILL. Manhattan with considerable force, and

#### UTAH COPPER MILL.

Plant Treating Ore on Basis of 100,-000 Tons Monthly.

General Manager D. C. Jackling of General Manager D. C. Jackling of the Utah Copper company expressed himself today as being well satisfied with the manner in which things are progressing at the Garfield mill. The Rio Grande has been giving quite sat-isfactory service so far this month and ore treatment has been going on on the basis of 100,000 tons monthly, or just a little better than 3,000 tons a day.

To Stockholders Utah-Idaho Sugar Company:

Sugar Company:

The stock books of your Company closed Sept. 18th and the first dividend on the preferred stock of the Consolidated Companies will be paid on Sept. 19th. The present is a good time to hold your stock and a poor time to seil a share that your circumstances do not oblige you to sell. Why? First.—Because every quarter you will be entitled to a dividend of 17% cents per share. Becond—This dividend is NET and free from all expenses such as taxes, commissions, etc. Third—The present market price of the stock is about 59 per share, while the par value is \$10; and if holders are whee the market value will be above, par within a reasonable time. Pourth—The prospects for the sugar industry were never brighter. Reports from the six factories owned by the company are to the effect that large erops of beets aggregating more in quantity and better in quality than ever before are now being harvested, and everything points to the largest and best yield in the history of the industry. Sugar prices are fair and much better than a year ago.

TO INVESTORS: NOW IS THE TIME TO INVESTORS: NOW IS THE TIME.
TO BUY. We have filled a number of good orders in the past week and can supply what you want at the market price the day your order is received. Send with your order the amount you wish to invest, either by check bank draft, or postoffice money order. We pay careful attention to all orders whether large or small.

The ore and bullion settlements last week aggregated a total of \$681,000. Strange has returned from a trip to Beaver county where he went to examine a mining property for some local parties.

C. B. Oliver has gone to the property of the Nevada Douglas Copper com-pany at Yerington, Nevada, on a brief business trip.

Secretary Spencer Penrose of the Utah Copper company has returned to the head office of the company at Colorado Springs.

The new shaft on the property of the East Crown Point in the Tintic disof engineers returned Saturday tro trict is down about 25 feet.

Over \$40,000 has been marketed from the Columbus Consolidated mine dur-ing the present month. There are over 700 tons at the samplers from which return will be received this week. M. M. Johnson of the Newhouse staff trip to New York. He expects to re-main here a week or 10 days when he will go to the property of the Domin-ion Copper company in British Colum-

Alta is at the samplers. Superintendent A. O. Jacobson, who was down from camp to remain over Sunday, says the development of that property is progressing very satisfactorily.

The mining claims on the peak of Seven Mile Mill mountain, back of City Creek, have not been abandoned as has been supposed. They are owned by Henry W. Lawrence and Henry Snell: and Mr. Lawrence said today, that he intended at some future time to resume operations there. The properties are

W. W. Reese the well known minning promoter, returned from Aura last night. He announces the sale of the Big Four group to Messrs. Weaver and Nelson, representing Oakland and Chi-cago capitalists. The price paid for the property is not made public but it is believed to be in the neighborhood of \$100,000. The new owners will at once \$100,000. The new owners will at once put a large force of men at work to further develop it,—Elko Free Press.

The Galena mine closed down indef-initely on Wednesday nighth, throwing about 100 miners out of employment; the shaft is completely closed but about 25 men are still employed in the Old Jordan mine. These properties belong Jordan mine. These properties belong to the United States company, who give as reasons for the shutdown the low price of metal and the further fact that the company's smelters are crowded with ore from other points.—Bingham Bulletin,

#### A. E. WELBY PASSES THROUGH.

Superintendent of D. & R. G. Spends Sunday Here-Has Been on Coast.

Sunday Here—Has Been on Coast.

E. A. Welby, general superintendent of the Denver and Rio Grande leaves Salt Lake this afternoon on No. 3 for Denver after spending yesterday and this morning going over the local situation. Mr. Welby has been on what he termed "a ten days' leave of absence" and spent his time on his farm "The Willows" near Sacramento. Rested and ready for his duties he is now hurrying back to his desk to eatch up on the work that has piled up during his vacation. Mr. Welby is a frequent visitor to Salt Lake but this call has been the first for sometime so he was especially anxious to stop off here for a day and see how the improvements being made by the Gould forces here are progressing. He spent the greater portion of yesterday tramping over the site of the proposed depot and terminals on Fouth west. This morning he went into conference with local officials of the Rio Grande and afterwards asserted that nothing but ordinary affairs had been gone over.

Mr. Welby expressed himself as anxious to have the proposed terminals completed as soon as practical and announced that no time would be lost in bringing this about. When asked for definite information on various railroad matters he pleaded ignorance explaining that he had laid aside all work while on his trip. He laughed hearitly when he was asked if his trip to the coast had anything to do with the Western Pacific. It has been the belief of many that Mr. Welby is to be given a berth among Western Pacific officials when the family is organized but he has never met any questions regarding such rumors with anything but his hearty laugh and assertion that he knows nothing of any such proposition. Mr. Welby was transferred from Salt Lake where he was acting as superintendent of the Rio Grande Western to Denver to take charge of the whole Denver and Rio

was acting as superintendent of the Rio Grande Western to Denver to take charge of the whole Denver and Rio Grande system. He is one of the best known, most liked and best posted railroad men of the west.

#### With the Politicians.

Darmer has survived Tribune sup-port. Now he adds to this striking ability the power to survive an attack from Raleigh, Swensen and their fol-lowers in the Big-Mit contingent.

The way Darmer got his chairman-ship was to call in his committee be-fore Jake Raieigh could see enough of them to get a fight on him organized. Darmer is known to favor a clean-up in Raleigh's street department in favor of a new appointee as well as an administration that is something more than a joke. Hence the attempt of Jake to get Darmer out of the way. When it failed Darmer celebrat-ed by announcing Frank R. Christensen for secretary and Charles Weaver

Republican primaries will be held torrow night, and the convention next

The Women's Democratic club will hold a special meeting on Wednesday, Sept. 25, at the residence of Mrs. Rebecca Brown, 1396 Barciay avenue, commencing at 2:30 o'clock. Judge W. H. King will address the meeting, and Democratic nominees have been invited. A musical program will supplement the speeches.

The handshaking fever is due. Its symptoms are a glad smile and a card with the candidate's name which is left after the shake.

Democratic headquarters in the Deseret National bank building are becom-ing a center for political discussion in that camp,

What many politicians are trying to figure out is the relationship of the Elks club to "American" party nominations. Snyder had the support of many leading Elks. Now the Elks in politics are mentioned as the backers of G. R. Cieveland for the city chairmanship.

Joe Lippman, who is said to rival Joe Cohen in ability to locate a barrel forty rods distant, announces that his spoils-system resolution was of his own

manufacture. The city commi wasn't in on it, they now declare. G. H. Backman denies that he has G. H. Backman denies that he has joined the "American" party. He has been a Republican for the past six years, he says, and is still a member of that party. Backman was mentioned as a member of the "American" party, and before the primaries was talked of for the council nomination.

David C. Dunbar, the famous tin-sign man of the "American" party, has forced his \$3,000 proposition through the council, in spite of the fact that the council has pending a street light-ing proposition which would cover the matter, free of cost to the city. David C., however, still wanted to demon-strate how a persuader persuades, and had the matter attended to. The bill will be paid after election to prevent it from becoming a tin-sign issue.

Tomorrow the "American" party city committee will gather with a large sack for Willard Snyder to drop his money into. Gideon Snyder, having had the "goods" delivered to him by the persuaders, the party now wants to know what the Snyders are going to do. The terms were evidently cash, on demand without discount of time payment.

The inner circles in the "American" party plans absolute control of the city in such a manner as Abe Reuff controlled San Francisco. Its oath-bound councilmanic nominees go into the race for the sole purpose of so eliminating Bransford's power to do good that the control will rest securely with the ring leaders. They were chosen with the threat that they would be committee-owned.

# LIQUIDATION IN COPPER STOCKS

Under its Influence and Realizing In Grain Carriers, Prices Fell Steadily.

#### AMALGAMATED FORCED DOWN

Steady Sale of Coppers Caused Other Metals to Become Weak-Union Pacific Sold Off.

New York, Sept. 22.—Prices of stocks started lower than Saturday, influenced by the action of the early London market and by sales to realize profits or last week's rise. American Smelting fel 1% Great Northern preferred, and Ana-conda 1 and Reading, Minneapolis & St Louis and Amalgamated Copper %. Distillers' Securities rose I and Baltimore &

Steel stocks 1. Teanessee Copper, Unin Copper and Allis-Chaimers gained 1 to 14, Seiling diminished for a time and the market fell into extreme duilorss. There were renewed heavy offerings of Amalgamated Copper afterwards, which forced the price down 2% to below 60c. The general list showed only moderate sympathy with this movement and the market steaded and became remi-stagnant again. The declining tendency was resumed, but the rallroad list was less streeted than the industrials. Copper stocks were sold steadily and their weakness extended to the other metal industrials. American Smeiting fell 3 points. United States Steel preferred 1% and Newhouse Mining 1. Losses were extended slightly by the selling. The market did not recover very much, falling into extreme duliness as soon as the traders stopped offering stocks. Reading sold off 1%. Union Pacific 2 and Missourl Pacific 15%.

Native steers, 4,5006.90; cows and heifers, 2,504.50; western steers, 3,5046.40; Texas steers, 3,004.40; cows and heifers, 2,264.00; canners, 2,0002.85; stockers and feeders, 2,8002.55; calves, 2,0006.50; bulls, stags, etc., 2,254.00. Market steady. Mixed, 3,7595.85; light, 6,000,30; pigs, 5,50 46.00; bulk of sales, 5,7095.95. Sheep—Receipts, 4,800. Market 10c lower, Yearlings, 5,5005.90; wethers, 5,2596.50; ewes, 4,7596.30; lambs, 6,7507.15.

### M001

St. Louis, Sept. 23.—Wool, steady, Territory and western mediums, 20@25; fine mediums, 19@23; flue, 17@20.

### PRODUCE.

Chicago. Sept. 23.—The wheat market today opened weak on lower cables and extensive selling for profit, the crewd in the pit evidently being disposed to realize on the buige of the last few days. December whear opened %2% lower at 1.01%, @1.01%, and sold at 1.01%. Core was easy, because of the failure or the predicted frost to appear in the corn belt and because of generally warm weather. December corn opened % to % lower at 57% to 58 and sold at 57%.

The oats market was easy in sympathy with wheat and corn.

The trade was very dull. December oats open 4c lower at 52% and sold at 52%. Sold, Provisions were firm on a good general demand and some buying for export. January pork was a shade higher at 15.25. Lard was up a shade at 8.67%. Risb were 5c lower at 7.87%.
